## **DETAILED ACTION**

### **Allowable Subject Matter**

Claim 21-27, 29-49 is allowed.

The following is an examiner's statement of reasons for allowance: The prior art taken either singularity or in combination fails to anticipate or fairly suggest the limitations of the independent claim, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims 21, 33, 35, 37, 39, 41, 47, 48, with the allowable features being; the device having a diameter of more than 370 mm(claim 21); the specific radius of curvature plano-convex on the convex side(claim 33); the first and second radius of curvature of the biconvex lens(claim 35, 37, 39); a single spherical lens that is plano convex with a specific radius of curvature(claim 41);the distance of the device to the display screen and the viewers eyes to the device(claim 47, 48). Therefore claim 21-27, 29-49 is allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
